## Day 1 Arrival - Santa Domingo

Upon arrival, you will meet our representative and transfer you to the hotel for check-in at Marriott Grand Cayman Beach Resort. After check-in, choose from yoga on the beach, borrow a Linus bike (included your resort fee) to explore the island, check out a GoPro to create your adventure show, or hang out at the pool. This evening you'll dine at one of the restaurants at Camana Bay, a waterfront "town" that is one of the Cayman Islands' premier shopping and dining destinations.

## Day 2 Exotic Barbados Island Tour

After breakfast, you will meet the guide at the hotel lobby and embark on a city tour to explore Cayman Island's capital, George Town. Visit the National Museum to introduce the history of the island. Continue to the Craft Market to shop for locally made gifts to take home, and then explore some of the town's historical and contemporary sites: the new Legislative Assembly, the Library completed in 1939, and the Town Hall from the 1920s. Stop for lunch at the nearby Paradise Grill, where you can snorkel among the fish before sitting down to a meal of their signature fish sandwich, seasoned island-style. Later diver back to them for overnight and dinner.

## Day 3 GeorgeTown - Little Cayman

This morning you will check out from the hotel and meet the guide at the lobby. You'll head to the second island in your tour of the Cayman Islands, Little Cayman, the smallest in the archipelago and home to only around 200 residents. Check in to the Southern Cross Club. Hope on a bike or scooter in the later afternoon to explore the island. Spend some time at Point of Sand, one of the island's most beautiful beaches with shallow waters home to loggerhead turtles, and has views of neighboring Cayman Brac. It's a great place to search for seashells and snorkel, too, or enjoy the quiet of this unique, barely inhabited island. Dinner will be served at the resort.

## Day 4 Robinson Crusoe & Owen Island

If you are not up for a dive today, you can enjoy a Robinson Crusoe experience on tiny Owen Island. This speck of land is uninhabited just offshore from the Southern Cross Club, and there are no permanent structures. Bring a picnic lunch ordered at the hotel, and kayak the short distance for a day spent exploring this pristine little islet. Once you are ready to talk to humans again, return to the "mainland" of Little Cayman and make your way to the Hungry Iguana restaurant, with its breezy verandah overlooking the sea. Like everywhere on the island, the atmosphere is casual, and you can meet locals and other visitors while enjoying a cold beer.

# Vacations With Passion

## Day 5 & 6 Little Cayman- Cayman Brac

Check out from the hotel and transfer to Cayman Brac. Here you will enjoy the dives in the island's world-class sites. The Brac in the name is from a Gaelic word that means bluff—it runs the entire island length. Reaching a height of around 150 feet, it includes the highest spot in the entire nation. If you are a certified diver, you'll want to spend your stay on Cayman Brac exploring some of the legendary sites, especially its wall dives or the Capt. Keith Tibbetts wreck. If you aren't certified, there are also some good snorkeling spots. Or you can explore the caves that are another of Cayman Brac's most prominent features.

Natural blowholes: You will then visit several isolated bays where big breakers crash into the coral cliffs creating natural blowholes where the seawater and foam are sprayed through a chute into the air displaying colorful fountains and rainbows. If the waves are strong enough, you can stand close and let the water sprinkles refresh you. Exotic birds like herons, frigatebirds, and caracaras can be spotted here. Enjoy lunch in the Shete Boka National Park with its rugged and rocky formations where, if the sea allows, you will visit Boka Tabla.
